

MOBILE ELECTRIC STAND  
FOR INTERACTIVE FLAT PANELS

Avtek TouchScreen  
Electric Stand V3

Inspire | Engage | Lead

The mobile electric stand is an ideal solution for the user who wants to maintain maximum freedom when using an interactive monitor.

Thanks to its design, it even works with 86" monitors.

The safe and easy way to adjust is effortless, so meeting or class presenters don't have to worry about the problematic height adjustment of the device - they will do it efficiently and precisely with the remote control, control panel or even from the interactive monitor!

 Electrically adjustable height

 Robust construction

 Additional shelf for accessories

 Rubber wheels
