

TOUCH TABLE INFANTIL

Designed for children's entertainment, the interactive touch table is an innovative and stimulating resource for young children.

Entertainment guaranteed

With the multiCLASS Kids Table you create a space where children interact and spend time having fun safely and without parents having to worry about them.

Available in 2 colours

With this tool, children's creativity will flow freely thanks to unlimited access to a variety of educational games and apps through Google Play. In addition, they will develop their first digital skills through technology.
